Supply of power to Chhattisgarh

†1439. SHRI SHREEGOPAL VYAS:
SHRI RUDRA NARAYAN PANY:

Will the Minister of POWER be pleased to state:

(a) how much power being allocated to Chhattisgarh out of its share of 300 MW from the hydel power stations situated outside the undivided Madhya Pradesh;

(b) whether Chhattisgarh has asked for allocation of its full quota for fulfilling its power requirements;

(c) by when the remaining quota would be allocated by Government;

(d) whether power is being supplied to the State under the Gadgil Formula;

(e) if so, the details thereof; and

(f) if not, the difficulties being faced in regard thereto?

THE MINISTER OF POWER (SHRI SUSHILKUMAR SHINDE): (a) to (c) Before the re-organization of Madhya Pradesh under Madhya Pradesh Re-organization Act, 2000, the Govt. of Madhya Pradesh was having a share in electricity generated from certain inter-state Hydro-electric projects. Consequent, to the re-organization of Madhya Pradesh, the Chhattisgarh State Electricity Board had claimed a share in these projects. Government of India, after hearing the views of both the State Governments, had in August, 2006 passed orders that the successor State of Madhya Pradesh would be entitled to the entitlement of erstwhile State of Madhya Pradesh to the power generated from the Sardar Sarovar Project, Chambal Valley Projects (i.e. Gandhi Sagar, Rana Pratap Sagar, Jawahar Sagar), Pench Hydro Electric Project (HEP), Rajghat HEP, Rihand Project and Matatila Project; the successor State of Chhattisgarh would be entitled to the share of erstwhile State of Madhya Pradesh in the power generated from Hirakud HEP.

(d) to (f) The firm allocation of power from Central Generating Stations to the States is generally based on the Central Sector Allocation guidelines in which equal weightage is

†Original notice of the question was received in Hindi.

given to the Central plan allocation and energy consumption for the previous five years. However, in terms of section 75(2) of the M.P. Reorganization Act, 2000, the Central Government had issued final orders on 3.11.2004 determining the entitlement of the State of Chhattisgarh and M.P. in the Central Generating Stations of the Western Region in the following manner:

(MW)

	Undivided M.P.	Madhya Pradesh	Chhattisgarh
Korba STPS	610	400	210
Vindhyachal	658	658	-
Kakrapara	93	93	-
Kawas CCGTI	139.2	139.2	-
Gandhar CCGTI	118	118	-
	1618.2	1408.2	210

The order dated 3.11.2004 is presently sub-judice.

Increase in power supply

1440. SHRI M.V. MYSURA REDDY: Will the Minister of POWER be pleased to state:

(a) whether Government has taken steps regarding assessment of increasing supply of power in the country, particularly in Andhra Pradesh;

(b) if so, the details thereof and if not, the reasons therefor;

(c) the details of total quantum of power likely to be generated through various resources during 2007-08 and 2008-09; and

(d) whether Government has formulated any power policy in this regard and if so, the details thereof?

THE MINISTER OF POWER (SHRI SUSHILKUMAR SHINDE): (a) and (b) The National Electricity Policy envisages "Power for All by 2012" and per capita availability of power to be increased to over 1000 units by 2011-12. To achieve this, total capacity addition of 1,00,000 MW is required during the 10th and 11th Plan period. Based on the actual capacity addition of 21,180 MW during the 10th Plan, a capacity addition of 78,577 MW has been proposed during the 11th Plan. With this proposed addition, the demand for power in the country as a whole is likely to be fully met by the terminal year of 11th Plan (2011-12).

The proposed capacity addition during the 11th Plan also includes 4,443 MW in Andhra Pradesh in the state and private sector besides this, Andhra Pradesh will also have share in the Central Sector Projects which are likely to yield benefit during 11th Plan in the Southern Region.

(c) The generation targets are fixed on a year to year basis. A target of 710 Billion Units (BU) has been fixed for the year 2007-08 which includes 572.2 BU thermal, 22.7 BU nuclear, 109.5 BU hydro generation and 5.6 BU import from Bhutan.

(d) The National Electricity Policy has been notified by the Central Government and this policy shall serve as a road map towards making power available to all by 2012.
